

## About Us:

ProStar Services is a leading manufacturer of covert camera equipment and has been creating custom risk management solutions since 1994. Our product lines have been thoroughly tested and are used by several government and law enforcement agencies, as well as utility companies across the United States.

ProStar has a full facility ready to build custom solutions for your covert security needs.

At ProStar Services, we pride ourselves on quality and five-star services. Our control center is equipped with state-of-the-art technology and a friendly professional staff from 7 a.m. to 6 p.m., with additional hours upon request.
