# Stick Cam

PSC-01

This is a wonderful product that can change your operation and bottom line of your surveillance profits.

## Imagine

BW/Color camera with lens assortment to capture the video, from inches to 300 feet from target. Very low light (.0001 LUX) 700 lines of resolution and audio.

**You can't do without this cam.**

Estimated 60 hours of continuous live recording on 8 standard "D" alkaline batteries. This camera is easily refreshed in the field by replacing the SD card and installing new batteries.

Additional equipment is available to upgrade this device for live viewing over the internet.

# Rock Cam

PRC-01

This is our basic drop cam, designed with budget in mind, with 12 hours of video and audio recording for that "special shot" of the target.

## "THE MONEY SHOT"

Camera utilizes a Pin hole lens, 3.6MM color or b/w, you are able to select the camera that work best for your operation.

# Box Cam

ABC-01

This is one of the most universal products to date.

It contains a H264 four camera system. It runs on 12 volts and is easily set-up in less than 2 minutes in a car for remote viewing via the internet or set-up in a home or business and you have complete control of live audio and video within minutes.

With a small auto battery planted on the surveillance site you can go live and covert worldwide.

With a little imagination this product will be one of your most profitable assets in your business.
